Real World Data Co., Ltd.

## **Real World Data Co., Ltd. to Announce Pioneering Business Alliance Agreement with Aetion Inc.**

### **- Enhance the Utilization of Real-World Evidence Generated by Japanese Medical Data for Global Drug Discovery**

Real World Data Co., Ltd. (“RWD”) (Nakagyo-ku, Kyoto, Japan, President and Chief Executive Officer Yasuko OITA), the largest Electronic Medical Records (EMR) based real-world database provider in Japan, signs a business alliance agreement with Aetion Inc, (“Aetion”) (New York, USA, Chief Executive Officer and Board Director Carolyn MAGILL) to further promote the utilization of medical big data, contributing to the improvement of operational efficiency of the drug development and the creation of pharmaceutical values.

Together, RWD and Aetion launch services that allows more efficient and effective use of real-world data provided by RWD through the data analysis platform of Aetion, the Aetion Evidence Platform ® (AEP) .

The number of registered patients on RWD’s EMR database has reached 24.4 million as of March 2022. RWD initiates and promotes collaboration with Aetion, to lead the effective utilization of real-world data in the drug development or safety and effectiveness surveillance field by addressing a growing need for access to clinical laboratory test results, both domestically and internationally.

RWD aims to further contribute to accelerating the utilization of the EMR database by bringing together its network with more than 50 pharmaceutical companies and 220 medical institutions/academia in Japan and Aetion’s global expertise in dealing with public administration around pharmaceutical approval processes.
